

Sustainability in Action

We invite you to join us at the KBR booth for a series of insightful presentations on how we are shaping the future of sustainable technologies. Each presentation will last for 10 minutes and will highlight our innovations in clean energy, advanced recycling, engineering excellence, and digital transformation.

Presentation Schedule

November 4-7, 2024 | Location: US Pavilion, Booth 7251

10:00 a.m. – 10:10 a.m.

Presenter: Nimit Shah

Powering the Future: Ammonia as a Clean Energy Solution

Discover how KBR's ammonia technology is revolutionizing the future of clean fuel and hydrogen transport.

10:45 a.m. – 10:55 a.m.

Presenter: Farooq Iqbal

Fueling Tomorrow: Journey of SAF in MEA's Aviation Sector

Learn about KBR's solutions for reducing the aviation sector's carbon footprint and supporting a sustainable future.

11:30 a.m. – 11:40 a.m.

Presenter: Hayam Al Bennany

KBR One Ocean: KBR Sustainability Initiative in the Middle East

KBR's sustainability initiative is aimed at finding engineering solutions to the world's greatest environmental challenges.

1:30 p.m. – 1:40 p.m.

Presenter: Farooq Iqbal

Closing the Loop: KBR's Role in Advanced Plastics Recycling

Understand how KBR's advanced recycling technology is leading the transition to a circular economy.

2:15 p.m. – 2:25 p.m.

*Presenter: Firas Zawati /
Ponnarath Radhakrishnan*

Building the Future: KBR's Engineering Excellence in the Middle East

See how KBR's projects are driving innovation and sustainability across the Middle East.

3:00 p.m. – 3:10 p.m.

Presenter: Arun Babu

Driving Efficiency and Innovation: KBR's Digital Accelerators

Explore KBR's digital solutions that enhance operational performance and sustainability.

3:45 p.m. – 3:55 p.m.

Presenter: Rahul Sharma

Unlocking Lithium: KBR's Lithium Extraction from Oil Field Brine

Explore our innovative approach to extracting lithium from oil field brine for sustainable battery production.
