

# IAC MAC

## Pool 1

The Department of Defense Information Analysis Center (DoD IAC) Multiple Award Contract (MAC) supports Research, Development, Test and Evaluation (RDT&E) services and other R&D-related analytical services to advance scientific and technical information (STI).

### IAC MAC ADVANTAGE:

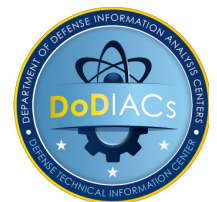

- Pool 1: Unrestricted/Full and Open Competition with task orders > \$15M
  - Only 15 pre-qualified primes
- Turn-key contract allowing task orders up to a 60-month Period of Performance (PoP)
- Customer has stakeholder role throughout acquisition process including technical evaluation and source selection
- Customer Support Cell serves as a liaison to customers
- Task orders competed on best value
- New subcontractors can be added at the task order-level
- Task orders can be up to \$1B, multiyear, for multiple customers, in support of worldwide performance, with DD 254s up to TS/SCI
- Task orders under \$100M take ~ 7 to 10 months from complete acquisition package to contract award, if >\$100M between 9-12 months depending on complexity and responsiveness
